SICO 2800 Mobile Folding Bench Units

- Ideal for multi-purpose rooms that serve as dining area, auditorium and recreation. Quick and easy to convert from one use to the next.

- Standard unit-to-unit connectors latch easily and keep tables in place.

- Automatic locking top. Top stays locked when folded out for use.

- 14 gauge square tubing on castor beams and 14 gauge top frame for superior strength and durability.

- Dining areas: increased seating capacity over table and chairs in the same area.

- Top mounted wheel locks secure units into place. Won't damage floors or carpet.

- Auditoriums: Set-up as bench units. Tops fold to give comfortable bench seating with backrests. Faster and quieter set-up than chairs and less horseplay by students.

- Testing: Ideal for group testing, offering ample work room. All students face the same direction.

- Wheelchair use without modification to table.

WARRANTY
15 years with a lifetime warranty on welds

- 2800's nest together for compact storage. Next unit takes only 8" (20cm) of storage space.
